COIR FIBRE

Coir Fibre is extracted from matured green and brown Coconut Husks. It is then processed into the finest fibres. Coir Fibre is of two types—brown and white. Coir obtained from fresh green Coconut is termed as White Fibre, which is finer than the Brown Fibre.

Fibre Name & Color	Coir Fiber Yellow	Coir Fiber-Brown
Length	5cm to 25cm	5cm to 25cm
Weight	(115kg to 125kg) or (30kg to 40kg)	(115kg to 125kg) or (30kg to 40kg)
Packing	Plastic straps	Plastic straps
Impurity	7 to 9%	3%
Moistures	up to 5%	up to 5%
Delivery Days	7 to 14 Days	7 to 14 Days
Loadability	20 tons in 40 feet HC Container	20 tons in 40 feet HC Container

COIR YARN ROPE

Coir Yarn is widely demanded by innumerable industries, owing to its attributes like optimum quality and natural properties. Yarn is generally of 2 ply, spun from coir fiber by hand as well as with the help of traditional ratts, fully automatic spinning machines etc. Available in different forms like hydraulically pressed bales, spools bobbins, dholls, balls etc.

COCONUT CHARCOAL

Activated coconut shell charcoal has multiple applications. It is used to treat acute poisoning in people and for gastrointestinal problems. It is also used for water purification, deodorization and purification of air and water, for the removal of organic substances, solvent recovery and as a catalyst.

VERMICULITE

Vermiculite is a hydrous phyllosilicate mineral which undergoes significant expansion when heated. Exfoliation occurs when the mineral is heated sufficiently, and commercial furnaces can routinely produce this effect

Coco Perlite is an ideal substrate to ensure that nutrients are present and available during plant growth. Many growers use this product with hydroponic and indoor pot plants, seed raising and with potting mix, or for soil improvement

PERLITE

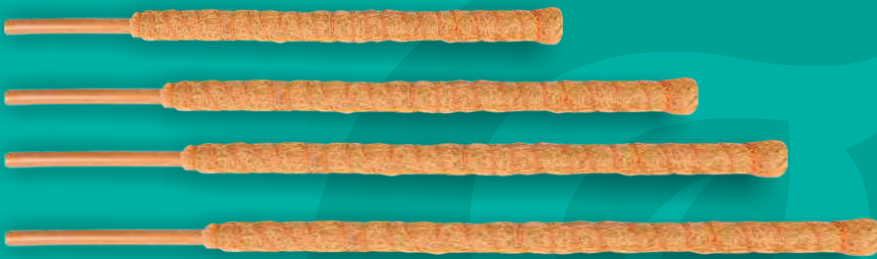

VERMICOMPOSED

Coir, a fibrous material from the husk of a coconut, is a viable bedding for worms in vermiculture, or worm composting. This material is completely natural, holds water and also provides air pockets in the composting mixture, which benefits the compost mixture and the worms within it

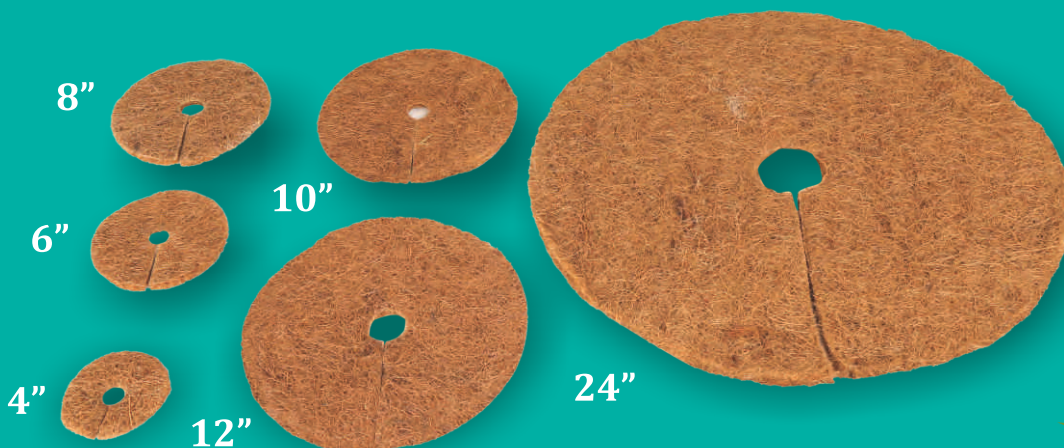

COCO POLES

We are engaged in offering an extraordinary range of coco poles. These poles are high in demand because of their striking features such as strength high water retention capacity and durability. Offered coco poles are manufactured using the finest raw material, as per the laid down industrial parameters. These are mostly used to support growing creeping plants and vines. Nurseries are regular customers for these quality coco poles.

COCO MULCHMAT

We have acquired specialization in manufacturing an extensive range of cocoa mulch mats. This product is manufactured using we have acquired specialization in manufacturing an extensive range of cocoa mulch mats.

DESICCATED COCONUT

Desiccated Coconut is a finely Grated, Dried, Unsweetened form of Coconut, obtained by drying shredded or ground kernel.

COCONUT OIL

Coconut oil has many nutrients that can contribute to your health and to a good diet. It's full of fatty acids that your body needs and may help improve cognitive function, metabolism, and hair and skin health

SEMIHUSKED COCONUT

Each bag contains 25 coconuts and gets checked for their weight before being stiched and loaded into the container. we also deliver as sub products, Dubai quality, Saudi Arabian quality, European quality & iran quality which vary in size.

Middle East Quality

Average weight of coonut
400 - 600 grams
Average weight of bag
12.5-13.5kg
Maximum number of bags
in a container 2200 to 2300

European & Iran Quality

Average weight of coonut
above 600 grams
Average weight of bag
15kg
Maximum number of bags
in a container 1900

COCONUT SHELL PRODUCTS

- COCONUT SHELL MINI OVALS(200 - 250ML)
- COCONUT SHELL BOWL WITH LID (250ML)
- COCONUT SHELL ICECREAM BOWLS(200ML)
- COCONUT SHELL ICECREAM BOWLS WITH SPOON(200ML)
- COCONUT SHELL JAR(250-300ML)
- COCONUT SHELL JUICE CUP(200-250ML)
- COCONUT SHELL TEA CUP(150-200ML)
- COCONUT SHELL WINE CUP(250ML)
- COCONUT SHELL SOAP STAND / BOWL(150-200ML)
- COCONUT WOOD CUTLERY(SPORK)
- COCONUT SHELL CUTLERY(SPOON & FORK)
- COCONUT SHELL CUTLERY
